Tastings for 46 or less can be presented in a formal education set up aboard Manhattan. Individual place settings include a detailed handout covering your event, an aroma wheel, tasting instructions and plated cheeses selected to pair perfectly with the wines chosen.

Informal wine tastings can be hosted for up to 75 guests. Wendy announces and describes wine flights throughout the cruise while roving among guests in a more social educational format.

#### **Choose a Wine Tasting Theme!**

Clients may choose a program from the list here or have Wendy design a custom tasting to mirror your industry or special occasion. You may opt to have your tasting focus on red, white, rose, sparkling, or a mix of wines. You may ask her to design a tasting that celebrates a person, a couple, a company, a product, or a success! Cheeses may also be selected to your specifications, focusing on milk variety, style, and/or origin.
