

Ahoy!

The Classic Harbor Line Team Building Charter is a unique and fun opportunity to foster a sense of team spirit by stepping into the shoes of a professional mariner. The safe and efficient operation of a large sailing vessel requires knowledge, skill, and above all a concerted team effort on the behalf of the crew. We will teach real world sailing techniques and through their application, inspire a greater sense of group purpose and spirit!

This is a terrific opportunity to learn hands-on from experienced, professional sailors. It's going to be insightful and a boatload of fun!

Things to bring:

- 1.) Clothes you don't mind getting dirty and working out in. This charter is very hands on and we'll be doing activities of a fairly athletic nature, so be ready for a good workout!
- 2.) Closed toe shoes. We'll be moving about the vessel and closed toe shoes are a must for your safety.
- 3.) Sunblock. It's going to be sunny!
- 4.) A smile and a willingness to learn and try new things. This is a unique opportunity to learn a lot of interesting information from experienced, professional sailors. It's going to be insightful and a lot of fun!

See you on the high seas!

CHL Crew
